13:15 - 13:45 **Keynote - Organizational Resilience and Redrawing Management Post COVID-19**

COVID-19 is a crisis in evolution. Organizations are restructuring and evolving strategies to mitigate its impact. While we optimize the workforce and ensure a safer workplace, what can the experience teach us about countering adversity and preparing for it - especially the unknown and unpredictable? A senior leader in the energy sector discusses resilience, its practice in the energy sector and the impact of internal and external factors.
